UK Carrier Strike Group V2

Introduction

A UK Carrier Strike Group is a collection of naval assets from the United Kingdom, led by a Queen Elizabeth-Class aircraft carrier, that are organized and deployed with the goal of conducting a wide range of military operations at sea, including power projection, strike warfare, and maritime security operations.

A Carrier Strike Group from the United Kingdom typically consists of a Queen Elizabeth-Class Aircraft Carrier, two Type 23 Frigates and two Type 45 Destroyers, along with a fleet of F-35Bs Fighters, Wildcats, Chinooks and Merlin helicopters.

FEATURES:

- **UK STOVL Carriers:** Beautifully-modeled renditions of HMS Queen Elizabeth and HMS Prince of Wales, including a Detailed Hangar and Bridge interiors. High level of detail and sharp PBR Texturing all around.
- **Escort Ships:** Highly detailed, landable Escort ships, including British Type 23 Frigates and Type 45 Destroyers.
- **Moving and Static Ships:** A total of 12 moving locations and 12 static (anchored) locations are included. All locations are indentifiable by ICAO code, and aircraft will spawn on deck.
- **Ski Jump:** Hard-Deck Ski Jump Ramp for a realistic STOVL experience.
- **Miltech Simulations Carriers Toolbar App:** In-sim toolbar for full control of the carriers. Uses same app as Supercarrier Pro - one app for all the Miltech Carriers.
- **All Type 23 Frigates and Type 45 Destroyers** feature hard decks for helicopter flights.
- **Fully Accessible Hangar, Animated Elevators**
- **Custom Deck Crew,** animated.
- **Fully compatible** with any aircraft, default or third party.
- **Full compatibility** with Miltech Simulations Supercarrier Pro and CH47D
- **Navaids:** ILS and TACAN are available on static carriers
- **Carrier Comms:** UNICOM and ATIS are available on static carriers. Carrier ATC Voice channels available over Discord for all locations.
- **Full Multiplayer Support:** Both moving and static carriers are fully compatible over multiplayer.
- **New on V2:** Top Gun Expansion is no longer a requirement.

We hope you enjoy our product,
